Claremont Heritage is a 501c3 non-profit organization, all donations are tax deductible as allowed by law.

Claremont Heritage has set a goal to encourage and increase wider use of Garner House by the community. In order to accomplish this goal, further renovations are required. Plans call for restoration of the kitchen and renovation of the maid’s quarters to accommodate catering operations. Two existing bathrooms will be renovated and a handicapped-accessible bathroom will be added in the former laundry room area. The second floor of the house is in need of restoration and reconfiguration to eliminate previous changes to the structure when it was used as office space and return the home to its original glory. Once complete Garner House can be experienced by the community, including children from our Third-Grade Education Program, as it once existed when built by the Garner Family.
